

RAVINDU MAHITI

FULL STACK ENGINEER | AZURE CERTIFIED | RESEARCHER

Colombo, Sri Lanka | +94 701850776 | rmahiti2@gmail.com | www.linkedin.com/in/ravindu-mahiti
www.github.com/xokaji

Developed and deployed full stack applications using React, ASP.NET Core, Node.js, and PostgreSQL, along with the use of industry standard Git flow methodologies. Gained professional experience in contract-based frontend development, QA testing, and system implementation. Awarded the title of Best Oral and Poster Presentations by delivering AI-based research contributions. Gained the opportunity to present at international conferences.

EXPERIENCE

Aug 2025 - Dec 2025

Frontend Web Developer | Endless Raven (Pvt) Ltd | Part Time

Done contract-based Frontend Web Development with React, using Git for workflow and collaboration.

Jun 2021 - Aug 2023

Training Developer | node361 | Part Time

Handled data entry tasks and performed QA testing to ensure accuracy and quality, while assisting with basic React development tasks.

PROJECTS

Mini Inventory Management System

A full-stack inventory management application built with React, Express, and PostgreSQL. This app provides product management, stock tracking, and secure user authentication.

PatientPrep Mobile Application

PatientPrep, Mobile first healthcare prep app with Expo frontend, FastAPI + Neo4j chatbot, and modular Node.js backend in an NX monorepo architecture.

Clothing Ecommerce Client Website

Clothing Ecommerce Web API built with ASP.NET Core, following Clean Architecture for clean, maintainable, and scalable code.

Student Score Predictor

Azure hosted a lightweight ML API for predicting student exam scores with actionable recommendations.

EDUCATION

BSc. (Hons) Information Technology | 2022 - Present

- General Sir John Kotelawala Defense University, Colombo, Sri Lanka
- Major: Software Development | Minor: Machine Learning

Maliyadeva College Kurunegala | 2006 – 2020

PUBLICATIONS & RESEARCH

AI-Powered Smart Retail Management System with Dynamic Inventory Prediction and Waste Reduction (IRC) | Oct 2025

This research introduces an AI system that helps supermarkets manage stock by predicting demand, tracking inventory in real time, and reducing waste and costs.

SmartRoute: AI-Based Real-Time Tracking and Route Suggestion System in Sri Lanka (IRC) | Oct 2025

SmartRoute is an AI-based system that provides real-time bus tracking and smart route suggestions in Sri Lanka, helping passengers reduce waiting time and travel more easily.

HONORS & AWARDS

Cisco Technopreneur Challenge SLIIT 2025 | Merit Award

Top 10 finalists out of 33 University Teams at the SLIIT Codefest Technopreneur Challenge 2025.

18th International Research Conference KDU 2025 | Best Oral & Poster Presentation

Honored to have three of my research projects published and presented at the 18th International Research Conference KDU 2025, including awards for Best Oral Presentation and Best Poster Presentation.

Inovera Software Engineering Exhibition 2025 | 2nd Runners up

Secured 2nd Runners-up at Inovera Software Engineering Exhibition 2025.

SKILLS

- React, Expo (mobile), HTML, CSS, JavaScript, TypeScript
- ASP.NET Core, Node.js, FastAPI, Express.js
- PostgreSQL, MSSQL
- MS Azure, Docker, Git/GitHub

CERTIFICATES

Docker Training Course for the Absolute Beginner | KodeKloud | Dec 2025

Credential ID d24dd660-64c5-4a62-95d4-ae6439f59336

Postman API Fundamentals Student Expert | Postman | Dec 2025

Credential ID <https://www.credly.com/users/ravindu-mahiti.58/badges#other>

Accounting Principles | International Business Management Institute | Jan 2022

Credential ID 489097-164-355-0570
